

SECUREAVIEW THE INDUSTRY STANDARD

The Only ADA Compliant, Tamperproof, Self-Closing,
and Commercial Grade Peephole Security Cover

We didn't make compromise on our brand,
so you don't have to compromise yours.

WHY CHOOSE SECUREAVIEW PEEPHOLE SECURITY COVERS?

SECUREAVIEW PEEPHOLE COVERS

- Self-closing
- Cannot be tampered from exterior
- ADA compliant
- All metal – durable and aesthetically pleasing
- Commercial grade
- Meet ANSI/BHMA standards

OTHER PEEPHOLE COVERS

- Get stuck in open position & fail to close properly
- NOT tamperproof (can be easily defeated from outside)
- Fail to meet ADA standards (cannot be operated with a closed fist)
- Plastic/thin metal– easily breakable & can look cheap
- Not commercial grade
- Do NOT meet ANSI/BHMA standards on duty cycle & finish

See for yourself why SecureAvview beats the competition.

METAL AND FINISH OPTIONS

Brushed 302 Stainless Steel
Polished 302 Stainless Steel
Brushed Brass
Polished Brass

All Finishes are \$12.95 per unit;
all installation hardware included.

REINFORCE BRAND IDENTITY WITH CUSTOM LOGO LASER ENGRAVING

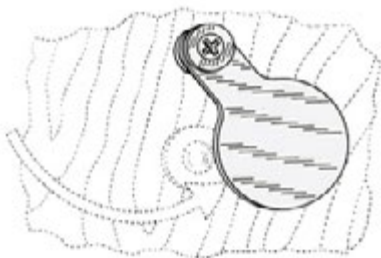

The first to market, we designed our cover specifically to address the security concerns while exceeding commercial duty cycle demands of lodging industry hardware. It is the only security cover that meets the DOJ ADA compliance necessary to keep hotels free of costly sanctions and mandatory replacement.

SecureAview remains the only ADA compliant cover: Being easy for all guests to operate. They preserve the necessary unobstructed view and use of the peephole all while passing the closed fist litmus test for operational Hardware controls as set forth by the ADA guidelines. Our multi-patented Tamper-Proof design manages to do all this and remain reliably self-closing, so guests and hotels won't be held hostage to chance.

SecureAview's vision and robust engineering is flawlessly executed with all metal construction of solid brass and stainless steel, all components precision machined within exacting tolerances. Manufactured here in the USA. This provides a Functioning Mechanical life expectancy of at least 30 Years in commercial use- backed in full with a Lifetime Full Replacement Guarantee. This is how our strength in engineering and attention to detail provides unparalleled security from tampering, breakage or loss that is without equal. We don't manufacture the cheapest Security cover; That was not our goal. We built the only secure one, while remaining the most affordable boasting the least impact on operational expenses. Everything it was engineered to be. We didn't take compromises on our brand, so you don't have to compromise yours.

LIFETIME REPLACEMENT WARRANTY

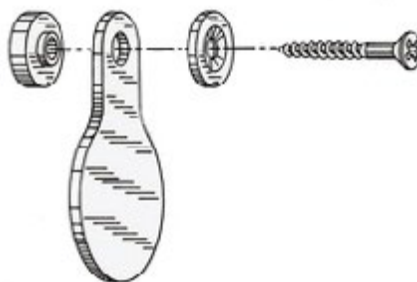

Your satisfaction is important to us. We offer a 30 day money back guarantee and a lifetime replacement warranty against all manufacturing defects. Shipping charges are non-refundable. If you have any questions, please contact us at wecare@secureaview.com. We will ship your order within 2 business days from our warehouse. We ship through both USPS and UPS ground.

Swing Cover Operation

INSTALLATION INSTRUCTIONS

- Step 1: Mark point 1" above top of peephole
- Step 2: Drill 1/16" pilot hole
- Step 3: Screw assembly into place.
Be careful not to over-tighten
- Step 4: Peel and stick FastCap to washer to hide screw
